V. M. C. A. REDS WIN FROM HIGH SCHOOL

Exciting Game Closes Championship Basketball Series at Y. M. C. A.

From the first toss, the basketball game played at the Y. M. C. A. Saturday night was thrilling. The play of the city basketball championship ended in a victory for the Y. M. C. A. Reds over the high school first team by a score of 25 to 21.

In the first half the high school team outplayed its antagonists by a pretty margin. The half resulted in 11 to 20, in favor of the school players. The high school play was almost faultless, with near perfect team work.

But at the start of the second go the association team began to pick up. It was a desperate proposition, but the players stuck to it like a bull pup and a rubber hose. Five minutes to go found the reds four points behind. Then it started. By a series of brilliant plays the red ones gained the nine points in wild play, not altogether unbrilliant.

However, during the entire game the high school boys showed more consistent play and superior team work. The school team will prove a strong antagonist in the S. W. A. F. meet for all southwestern honors this week. The scores:

AMERICA MAY LOSE AVIATION MEET

Foreign Aviators Are Waiting to See How Paulhan Case Ends.

New York, March 14.—If the Wright brothers win their suit against Louis Paulhan, America will stand to lose the International aviation meet for the Gordon Bennett trophy, won last summer by Glen H. Curtiss, of Hammondsport, N. Y. Now all foreign aviators have declared that they will not fly in America, nor sign any contracts, until the Paulhan suit is decided.

Cortland Field Bishop, president of the Aero Club of America, under the auspices of which the meet is to be held, has received such notification. If the French bird man loses the suit, the foreigners say they do not intend to take any chances with American courts.

All the clubs of Europe and the British Isles have also informed president Bishop that no meets will be held between Oct. 1 and Nov. 18, so that the American club may be allowed to name a date for the international meeting.

Thus far, Los Angeles, Denver, Baltimore, Washington, Chicago, Indianapolis and St. Louis have been active bidders and have each guaranteed the \$100,000 demanded by the club.

Mr. Bishop is of the opinion, however, that the meet will be held somewhere in the vicinity of New York.

The Wright brothers have been granted a temporary injunction in United States circuit court restraining Paulhan from flights in his Farman biplane, which, they contend, infringes on their patents by the use of warped or banded wing tips, and counsel for Paulhan must appear this week to show cause why the injunction should not be made permanent. In the meantime, a compromise has been reached by which he is permitted to give exhibitions under a weekly bond of \$5000.

WRIGHT WATCHES PAULHAN FLYING

Gathering Evidence Against the Frenchman in His Patent Suit.

New York, March 14.—Swaying like a catboat in high sea, Louis Paulhan made a daring flight at the Jamaica race track Sunday afternoon. The French aviator was in the air a few minutes and ten seconds, covering about six miles. It was a cross, choppy wind of about 20 miles an hour, which caught his biplane at the start and tipped it from side to side like a boat in a rolling sea.

Paulhan headed the big Farman biplane into the wind and flew straight out over the countryside toward Far Rockaway and the ocean, making a graceful turn in the distance and coming back with the wind at a mad speed. Returning he soared over the grandstand, missing its flag pole only a few feet and landed in the enclosure within a hundred feet of the starting point.

Wilbur Wright, as he has done heretofore, attended the exhibition with an attorney and closely watched the flight with an eye to getting evidence that Paulhan's biplane is an infringement of the Wright patents.

Paulhan may attempt a flight to New York, 13 miles away, some day this week if weather conditions are right.

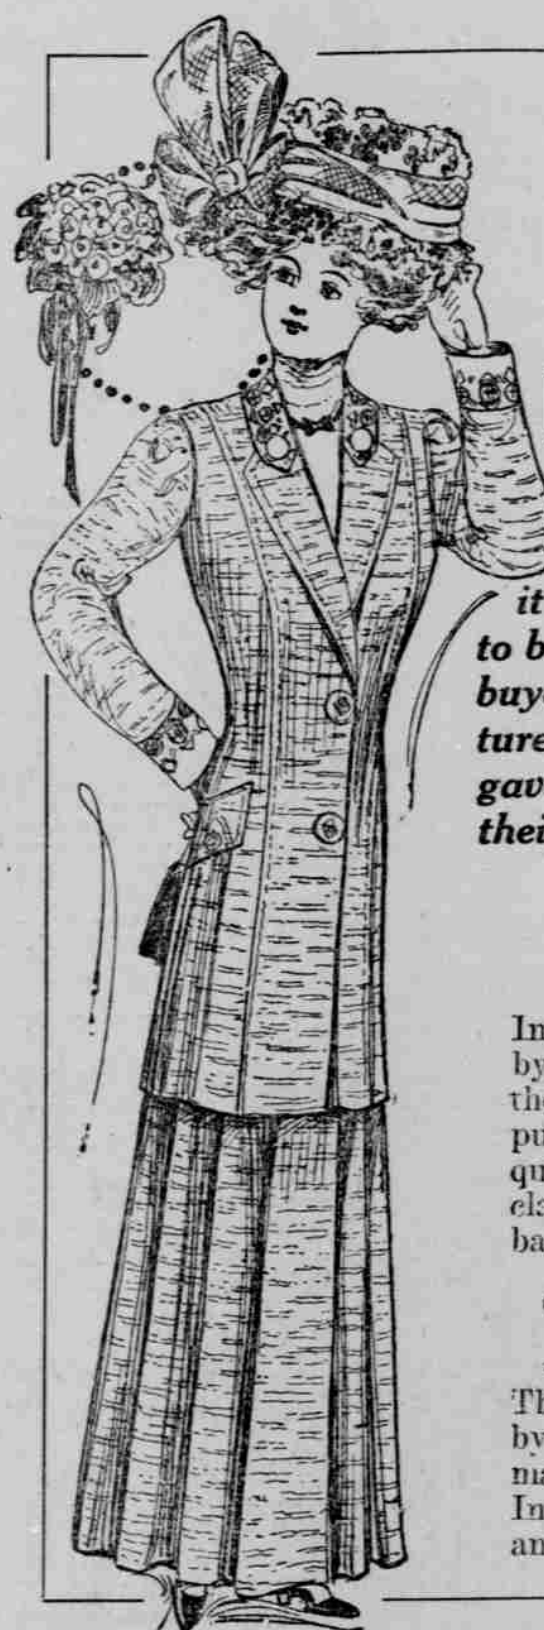

\$10,000 RACE CALLED OFF.
Daytona, Fla., March 14.—The \$10,000 match race between Barney Oldfield and Ralph De Palma, set for March 15, at the Daytona Beach track, has been called off. The Italian broke a piston on one of the cylinders of his Fiat. He also is not sure that the car can be repaired in time for the go at Los Angeles, April 10.

PICATO GETS DECISION.
New Orleans, La., March 14.—Frank Picato, of Los Angeles, won the decision over Frank Corbett, of Philadelphia, in the seventh round of a 10 round bout at the New Orleans Athletic club here Saturday night. The men fought at 135 pounds.

EL PASO PLAYERS HAVE FIRST WORKOUT AT PARK

Dressed in any old kind of uniforms a dozen baseball players worked out Sunday afternoon at Washington park. The practice was an informal one, "Pop" Edmunds being dressed in his street clothes and a hard boiled hat.

Herbuck, the new manager, was present and watched the antics of the candidates for positions on the El Paso team with much interest.

A Telegram From New York Brings Interesting Information

A telegram received this morning from our New York buyer brings most interesting information. In effect, it means that El Paso women will have an opportunity to buy Easter Suits at practically after-Easter Prices. Our buyer wires us that one of the biggest Eastern manufacturers recently received some cancellations on suits and gave him a chance to secure them at considerably less than their value.

200 Suits in the Lot

In this special purchase there were 200 Suits. They were shipped by express Saturday and will soon be here. It is impossible from the meager telegraphic details received, to tell you just what this purchase comprises, but the name of the manufacturer and the unquestioned ability of our buyer make us feel no hesitancy in declaring that this will be the most opportune as well as the biggest bargain event in Stylish Suits El Paso women were ever offered.

The Coming of Chanticleer Styles

The first Chanticleer Hat to arrive in El Paso has been received by us and is now on display. It shows the white Leghorn rooster made famous by the Rostand play now being produced in Paris. In addition to this Hat, other Chanticleer styles are on the way and will be shown as fast as they arrive.

MRS. WATERS DAVIS AND J. F. WILLIAMS WIN FOURSOME AT COUNTRY CLUB

Driving Contest Is Arranged For Women—Bisbee Players Named—Vance Wins Medal.

Playing a surprisingly good game, considering the practice they had had this spring, the women's foursome Saturday afternoon was such a success that a driving contest for women has been arranged by the sports and pastimes committee of the Country club for next Saturday, and other events for women golfers will be included in the calendar of the club's activities.

Mrs. Waters Davis, playing with J. F. Williams, won the contest with the net score of 52 for the pair. They had a handicap of nine points, reducing their score of 61 to 52, which was the lowest made at the match. Mrs. J. H. Russell and Garnett King won the second prize, playing around in 68 with a handicap of 15, making their net score 53.
